----- Newsletter October 2024 -----

NEWS:

Hello everyone, and welcome to October. The past month has been an exciting one for us, filled with special events and a special service.

We had the pleasure of hosting Sarah Jeffery for a Fundraiser Demonstration Night, two weekend workshops, and as our guest Platform Medium for a Sunday service. Her presence has been a true gift to our community.

Additionally, we celebrated 100 years of Spiritualism in New Zealand with a special service on National Spiritual Day, where people shared their journeys and what Spiritualism means to them. We are deeply grateful to those who had the courage to share their experiences. It was truly a memorable night for all who attended.

Speaking of memorable evenings, Sarah's demonstration event was a standout. Showing her ability to connect with the Spirit world, bringing through evidence for friends and family of their loved ones in Spirit.

I was also fortunate to attend both of her workshops and benefited greatly from the wealth of knowledge and skill she shared with us. It has been an absolute pleasure to host Sarah, and we extend our deepest appreciation for her time and dedication.

Looking ahead, we are excited to announce another of our ever popular Reading Days on November 2nd. We will be bringing together several Mediums, offering the opportunity to receive a reading from a variety of Mediums, all under one roof.

This event not only serves our community but also acts as an important fundraiser for us. More details can be found at the back of the newsletter.

We are delighted to announce the return of Kerry McLeod and Phil Dykes for an intensive 5 day workshop experience, with additional 2 and 3 day options available.

The workshop will take place from April 2nd to 6th, 2025. For further details, please refer to the back of this newsletter.

For more information and bookings go to <https://www.sarahjeffery.com.au/events>

♥ Till next month - talk soon ♥

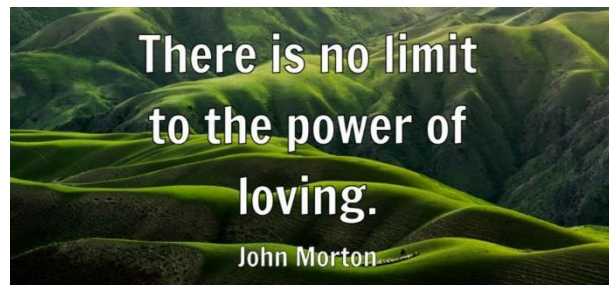

The Power of Love!

The simple four letter word **LOVE** holds the extraordinary ability to transform lives and reshape the world!

*"Love, Love, Love.
All you need is love!
Love is all you need!"
John Lennon*

Love goes beyond being just an emotion:
it is a force that transcends barriers, unites humanity, and nurtures positive change.

*"Love is cohesive and attracting!
Love is not bound by space or time!"*

Albert Einstein Said:
When scientists looked for a unified theory of the universe they forgot the most powerful unseen force.

Love is Light,
that enlightens those who give and receive it.

Love is magnetic,
because it makes some people feel attracted to others.

Love is power,
because it multiplies the best we have, and allows humanity not to be extinguished in their blind selfishness.

Love unfolds and reveals.
For love we live and die.

"Within each of us is a divine universe of love!"

In a world often clouded by hostility and division, the transformative potential of love can be overshadowed.

However, when we recognize and embrace its boundless power, we can bring about profound changes in our lives and the world around us.

"When the power of love overcomes the love of power the world will know peace!"
Jimi Hendrix

Love Impacted History:
Throughout human history, love has been celebrated by poets, philosophers, spiritual leaders, and musicians.

Love's healing, unifying, inspiring, and uplifting qualities have touched hearts and souls.

"Each expression of love expands our collective potential!"

Love Bonds and Heals Us:
At its core, love has the remarkable ability to heal wounds, mend broken spirits, and bridge divides.

It can turn adversaries into allies and enemies into friends.

Love has the strength to dismantle walls of hatred, break down barriers of prejudice, and foster unity in even the most divided societies.

"Love is the most important healing power there is!"

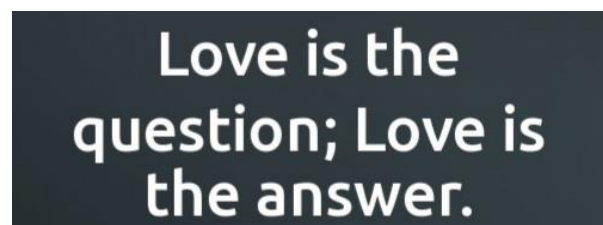

Love Extends Beyond Boundaries:
Love, in its purest form, knows no boundaries. It extends beyond our personal lives, uniting us as one human family.

Love fuels our drive to stand against injustice, inequality, and suffering, and empowers us to protect and preserve our planet for future generations.

"Love is the energy of life!"

The Essence of Our Being:
Love is a natural aspect of our humanity, connecting us to one another and the universe.

"It is the nature of love to love!"

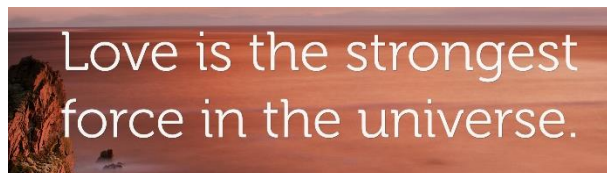

Love is Boundless:
When we tap into this boundless source of love, we unlock the true potential of our existence.

Amidst conflicts and divisions, love remains our most potent tool for transformation.

It begins within ourselves and extends outward, resonating with our innermost beings and encompassing the world.

"Love is infinite, eternal and ever present within our hearts!"

Choosing Love:

Choosing love as our guiding principle requires courage, vulnerability, and patience.

It calls us to rise above our egos, forgive, and offer understanding, even when it is challenging.

Love teaches us empathy, compassion, and the ability to see ourselves in others.

It breaks down the walls of prejudice and hatred, allowing us to perceive the world through another's eyes.

"You cannot love someone and judge them at the same time!"

Building a United World:

Imagine a world where love drives every action, and kindness and understanding reign supreme.

A world free from discrimination and hatred, where every individual is valued for their unique contribution to life's tapestry.

Love has the remarkable power to heal, liberating us from the burdens of resentment and bitterness.

It empowers us to be agents of positive change, breaking the cycle of animosity and violence.

*"Love is the most powerful healing energy!
Everything you do with love spreads healing!
So, feel it, be it, and spread it!"*
Abhishek Kumar

Love Starts Within:

To harness the power of love, we must first learn to love ourselves unconditionally.

Embracing our imperfections and recognizing our worthiness of love and belonging allows us to extend that love to others.

Self compassion, awareness and self care create the foundation for loving others and spreading love into the world.

By nurturing our own wellbeing, we become beacons of light, radiating love and positivity into the world.

*"Life is a journey!
And if you fall in love with the journey,
you will be in love forever!"*

Love Is a Choice:

Love is a choice we must make daily, a choice that can make a profound difference in our lives and the lives of others.

*"There is no fear when you choose love!
The more you choose love,
the more love is in your life!
It gets easier and easier!"*
Melissa Etheridge

Love is Limitless:

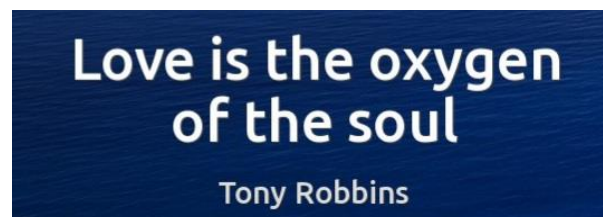

The transformational power of love knows no bounds.

It heals wounds, and brings hope to even the darkest moments.

"Love is limitless and the source of miracles!"

By building bridges where there are walls, by extending a helping hand where needed, by allowing love to guide you, we can create a brighter and more compassionate future.

*"Love is not something you look for...
Love is something you become!"*

Love has the capacity to transform our lives beyond our wildest dreams!

By Trish Bolstad
