### Newsletter May 2024

#### NEWS:

Hello everyone, and welcome to May.

It is with great pleasure that we welcome back Australian Medium Sarah Jeffery. Sarah will be visiting us in September this year for 2 separate weekend workshops, plus a Mediumship Demonstration evening for us. Last year when Sarah was here her workshop literally sold out in 3 days and I know many missed out. So don't sit on the fence on this one, secure your spot.

Sarah brings a wealth of knowledge and has the ability to teach all levels of Mediumship. Her workshop numbers are kept intentionally small, so each participant gets the full immersion of her teachings and receives exceptional value.

For more information and bookings go <https://www.sarahjeffery.com.au/events>  
Mediumship Demonstration bookings email - [events@spiritualgrowth4u.com](mailto:events@spiritualgrowth4u.com)

Expressions of interest are now being taken for Healing and Open Development classes. A start date will be established. All interest and enquiries, please contact Matthew Tod 021 1736344

Please go to our Facebook Page [www.facebook.com/SpiritualistchurchNZ](http://www.facebook.com/SpiritualistchurchNZ)  
or our Website – <https://www.spiritualgrowth4u.com/> For Information on what is happening at SASC

♥ Till next month - talk soon ♥

#### Love Makes The World Go Around

In a fast paced world filled with challenges and uncertainties, love remains a powerful force that transcends borders, languages, and cultures!

*"When we look at the world with a love of life, the world reveals its beauty to us!"*

Love is the essence of humanity and has the remarkable ability to shape destinies, heal wounds, and create profound connections between people.

*"No matter how old or young, love is why we are here. It is the very essence of one's being!"*

Olivia Newton John

#### Love as a Fundamental Human Emotion:

Love is not just a fleeting emotion. it is a core aspect of our human experience.

From the day we are born, we seek love and affection from our caregivers.

It is a primary driving force that influences our actions, decisions, and relationships.

*"Life without love is like a tree without blossoms or fruit!"*

Khalil Gibran

Love is the face and  
body of the Universe.

Barbara Brennan

### Love Manifests in Different Forms:

Love takes numerous forms, be it the love between parents and children, romantic love between partners, or the compassion we show to friends and strangers alike.

*"Fill yourself up with so much love, that it pours into the lives of others!"*

### The Power of Love in Relationships:

The strength of any society lies in the quality of its relationships.

Love is the glue that binds families, friends, and communities together.

Healthy relationships built on love foster trust, understanding, and support, which are essential for personal growth and collective wellbeing.

When love flourishes in our interactions, it paves the way for empathy, compromise, and forgiveness, fostering a more peaceful and harmonious coexistence.

*"The love we give away is the only love we keep!"*

Elbert Hubbard

### Love's Transformative Power:

Love has the remarkable ability to transform lives, both on an individual and societal level.

Acts of kindness, empathy, and selflessness that stem from love have the potential to change someone's perspective, uplift their spirits, and motivate them to make a positive impact in the world.

*"Transformation literally means going beyond your form!"*

Wayne Dyer

### History of Love:

History is replete with examples of leaders, artists, and visionaries whose passion and love for their craft or cause, led to significant contributions to humanity.

*"If you always do what you've always done, you'll always get what you've always got."*

### Overcoming Differences through Love:

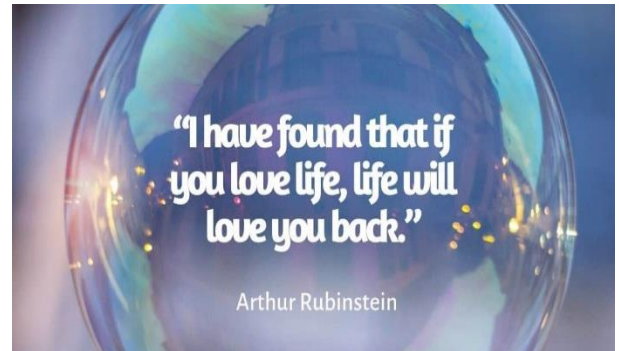

In a world often divided by differences in culture, religion, politics, and ethnicity, love stands as a unifying force that transcends these barriers.

When we approach others with an open heart, seeking to understand rather than to judge, we pave the way for dialogue and win win interactions.

Love encourages us to celebrate diversity and embrace the richness it brings to our lives, rather than allowing it to fuel division and conflict.

*"Loving people live in a loving world!  
Hostile people live in a hostile world!"*

*Same world!"*  
Wayne Dyer

### Love's Healing Touch:

In times of pain, loss, or tragedy, love serves as a healing balm that soothes wounded souls.

The empathy and compassion shown by loved ones or a kind soul, can provide solace and strength during life's most challenging moments.

*"Life becomes better when people treat each other lovingly!"*

### Positive Physical Effects:

Moreover, love has been scientifically proven to have positive effects on physical and mental health, contributing to reduced stress levels, improved immunity, and increased overall wellbeing.

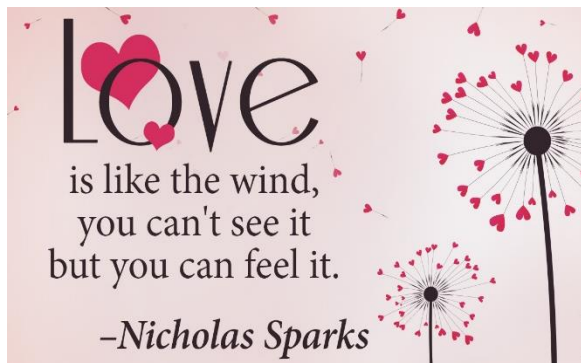

*"A healthy outside starts from the inside."*  
Robert Urich

### Love as a Catalyst for Positive Change:

When individuals and communities come together with a shared vision rooted in love, they can drive transformative change on a global scale.

Movements for social justice, environmental conservation, and humanitarian aid often stem from a collective desire to create a better world, fuelled by love and empathy for others.

*"If you see the world with the vision of love, you will find everything so beautiful and meaningful!"*

### The Ripple Effect:

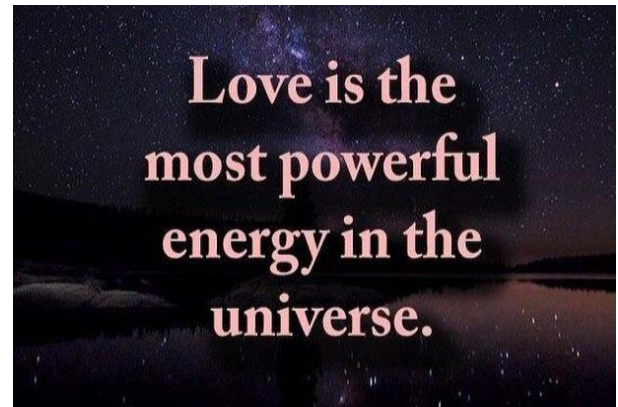

Love empowers us to break down barriers, challenge injustice, and stand up for what is right, creating a ripple effect that can inspire countless others to do the same.

*"Spread love everywhere you go! Let no one ever come to you without leaving happier!"*  
Mother Teresa

### Conclusion:

In a world where material pursuits and technological advancements often dominate the narrative, it is crucial to remember the timeless power of love.

*"It's not how much we give, but how much love we put into giving!"*  
Mother Teresa

### Love is a Natural Force:

Love benefits everything that surrounds it.

Love brings warmth to the coldest hearts, ignites the spirit of hope, and propels humanity towards a brighter future.

It is a force that should never be underestimated or taken for granted.

*"Love is like the air we breathe, it may not always be seen, but it's always felt, used and needed!"*

### Be In LOVE:

As we navigate the complexities of life, let us embrace love as a guiding light, allowing it to lead us towards greater understanding, unity, and compassion for all.

*"Since love is our infinite treasure beyond measure, there is no limit to the love we can share!"*

### Love makes the world go around!

For love truly is its own reward!

*By Trish Bolstad*

# UPCOMING EVENTS
