NEWS:

Hello everyone and welcome to September and the start of Spring. The months seem to be rolling by, but Spring represents the start of new beginnings for many things in life. Like plants that lay dormant begin to grow, flowers bloom, many animals give birth, the weather gets warmer, and day light hours increase. For many of us, as when we see and witness these things happening around us, it serves as an energy shift and we feel upliftment as our vibration comes into alignment with the new surroundings, - you could call it a win win situation. Our recent Reading Day was a huge success! In fact, it was our best ever! So, a big thank you goes out to all those that came along and supported the event. Also, a big thankyou to the Mediums who gave us their time and skills to make this day possible. From all of us here at SASC thankyou once again.

For membership forms go to - <https://www.spiritualgrowth4u.com/> or alternatively you can fill out a form at the Church.

UNCONDITIONAL LOVE Part 1

UNCONDITIONAL LOVE MEANS:
 Loving someone or something without any conditions.
 In other words, no matter what another person says, does, feels, thinks, or believes in, we still love them unconditionally.
 Unconditional love can also be applied to other beings such as animals and even emotions and thoughts.

UNCONDITIONAL LOVE IS THE HIGHEST VIBRATION THAT EXISTS:
 It is limitless. It is selfless. It is infinite. It is unequivocal.
 Everywhere and at all times.
 It simply IS, the oneness that we are.

LOVE CONSCIOUSNESS:
 What kind of love are you familiar with?
 At what level of consciousness have you loved?
 Are you loving? Have receive love?

LOVE IS ALWAYS UNCONDITIONAL:
 If it has conditions, it is not love.
 Conditions turn love into attachment, rather selfish attachment.

ATTACHMENT:
 Attachment makes us like someone, based on his/her qualities or perceived qualities.
 Attachment has a lot of expectations.
 Problem with lot of relationships is the huge gap between expectations and the reality.

JUDGMENT:
 If we observe our mind, we'll find that we judge people before loving them.
 We judge people based on their look, actions, words, qualities, how they treat us and we reject anyone who doesn't fulfil these requirements.
 This is not love, this is attachment.

WE DON'T LOVE OURSELVES:
 Most shocking thing is that often we don't even love ourselves unconditionally.

How many times have you heard people saying, "I love and accept myself as I am"? We have inferiority complexes because we don't love ourselves.

We say negative things about ourselves because we don't love and accept who we are.

ATTACHMENT IS A VERY BIASED SYSTEM:

It makes us like certain people only if they relate to us or if they take care of us.

People who don't care about us or make us feel secure, safe, and happy; we also don't care about them.

Attachment makes us selfish because we constantly think in terms of "I"

e.g. Does he/she treat "me" nicely, does he/she take care of "me", can "I" relate to him, does he/she match "my" social status.

Anything that involves ego, i.e. "I" ness is not love.

UNCONDITIONAL LOVE on the other hand is loving people as they are; it is not trying to change them according to our image of a perfect person. Unconditional love is very direct, straight forward, simple, and a relaxed emotion.

It is just loving everyone no matter where they are from and how do they look.

ATTACHMENT is very complicated and superficial because it looks at the appearances of people and has a lot of prerequisites.

UNCONDITIONAL LOVE is not superficial at all, it looks much deeper, it sees the very basic nature of human beings i.e., Love and Bliss. In today's world, where people from different parts of the world come in contact with each other; it is silly and limiting to have so many conditions for loving someone.

REAL NATURE:

Is it possible to love someone unconditionally? The answer to this is in nature.

Sun gives light to everybody; trees give shade to all, water wets everything that comes in its contact.

This happens because they follow their real nature.

The real nature of human being is love, peace and bliss.

When we realize our real nature, we will become "love personified" and then we won't have any conditions for our love; and that's how unconditional love is possible.

UNCONDITIONAL LOVE IS GIVEN FREELY:

Unconditional love comes from a heart that is open, not judgmental, intolerant, or desirous of a particular outcome.

Unconditional love means that the love is given freely with no expectation of receiving love in return.

DESERVING:

In this energetic embrace, every soul, without question, is deserving of love, compassion, and kindness.

Some people argue that unconditional love cannot exist, that it must be earned, that it must be won, but unconditional love recognizes that the divine spark burns in each soul we encounter, and with that spark we are all united.

To judge or hate another is then to judge or hate oneself.

The concept is simple yet powerful.

INTENTION:

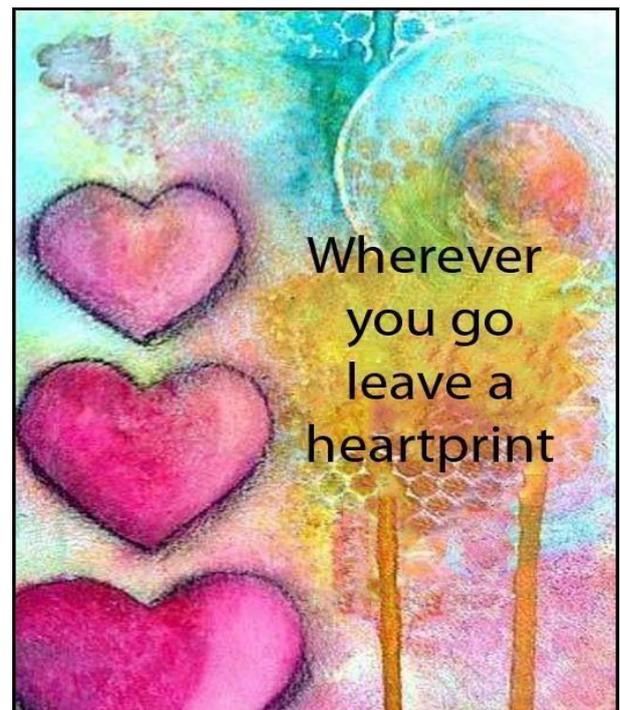

A generosity of spirit drives unconditional love, where the intentions of the heart are pure and without ulterior motives.

Loving kindness can only exist in a pure form, and true expressions of unconditional love can only exist when the intention is to create joy or ease the suffering of another.

The expression of this love is its OWN reward. Reciprocity is never needed.

"Unconditional love is simply a natural expression of the divine light that exists in all souls."
