### ----- Newsletter August 2023 -----

#### NEWS:

Hello everyone and welcome to August. I hope you are all doing well and living your best life.

First of all, I would like to apologize to any of you who have tried recently to register your interest for any of our events, or made enquires through our listed email contact addresses. We have had, what I will call it a glitch in the system, but the good news is we should have those email addresses back up and running soon.

We extend our heartfelt gratitude to everyone who joined us for our recent Reading Day, which turned out to be yet another tremendous success. Your presence and support were truly appreciated. Our goal for this event was not only to provide readings, but also to create opportunities for connecting with loved ones and friends in Spirit and find some clarity in your lives. We are especially grateful to the Mediums who generously devoted their time and energy to make this event possible. Your tremendous efforts have not gone unnoticed, and without your invaluable assistance, this event wouldn't have been possible.

So, a massive thank you to each and every one of you.

For us, a Reading Day is much more than just offering readings. It is a chance for like-minded individuals to come together, share their experiences, and engage in meaningful conversations. We genuinely value the questions and discussions that arise during these events, whether from our regular attendees or those experiencing our Reading Day for the first time. It is through these interactions that we can help with direction on your personal spiritual development. Once again, thank you all for being a part of our Reading Day and for contributing to its success, we look forward to welcoming you all again in our future events.

Please be sure to check out all our up and coming events at the back of the newsletter or from the links below.

For more event information and booking details please go to:

<https://www.spiritualgrowth4u.com/visiting-international-mediums-workshops>

Please go to our Facebook Page [www.facebook.com/SpiritualistchurchNZ](http://www.facebook.com/SpiritualistchurchNZ) for updates or our Website - <https://www.spiritualgrowth4u.com/> for membership forms or alternatively you can fill out a form at the Church.

♥ Till next month - talk soon ♥

#### Through Eyes of LOVE!

Looking at things through "eyes of love" is seeing beyond the surface level with a perspective that emphasizes love, oneness, and the interconnectedness of things.

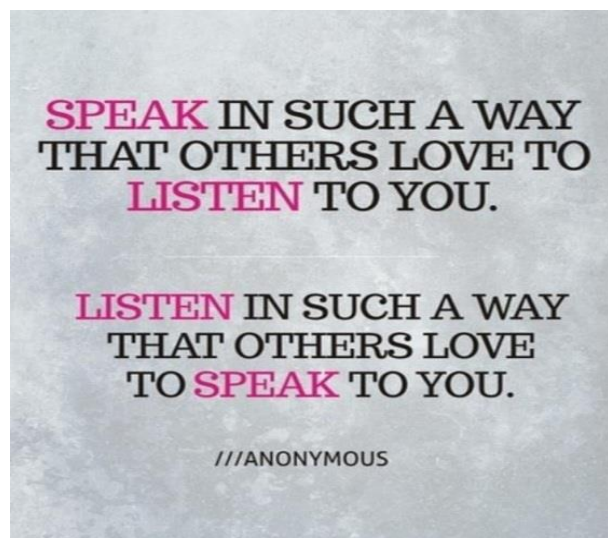

*"Seeing through "eyes of love" is recognizing the divine spark or sacredness within each being."*

#### Perceiving Others:

It involves perceiving others through a "eyes of love" lens of compassion, empathy, and understanding.

By seeing beyond their external appearances or behaviour, and instead, acknowledging the inherent worth and goodness within them.

This concept is found in various spiritual and philosophical traditions, highlighting the transformative power of compassionate LOVE by recognizing the divine essence within each person.

*"When someone has "eyes of love," they are able to look beyond judgments and prejudices, and instead, see the inherent beauty and potential in each individual."*

#### **Seeing through "eyes of love":**

This perspective can lead to a more harmonious and compassionate approach to relationships, as it emphasizes the value of every individual and fosters a sense of unity and a oneness of all living beings.

*"Seeing through "eyes of love" can profoundly influence how we relate to others, promoting forgiveness, acceptance, and a deep sense of interconnectedness."*

Practicing seeing through "eyes of love" can have a beautiful transformative effect on our interactions, wellbeing and how we navigate the world.

Here are some ways:

#### **Self Reflection:**

Practice self awareness and reflect on your thoughts, actions, and intentions.

*"Begin by exploring your own beliefs, values, and emotions!"*

#### **Self Love:**

Recognize that you are worthy of love and embrace your uniqueness by treating yourself with kindness, compassion, and forgiveness.

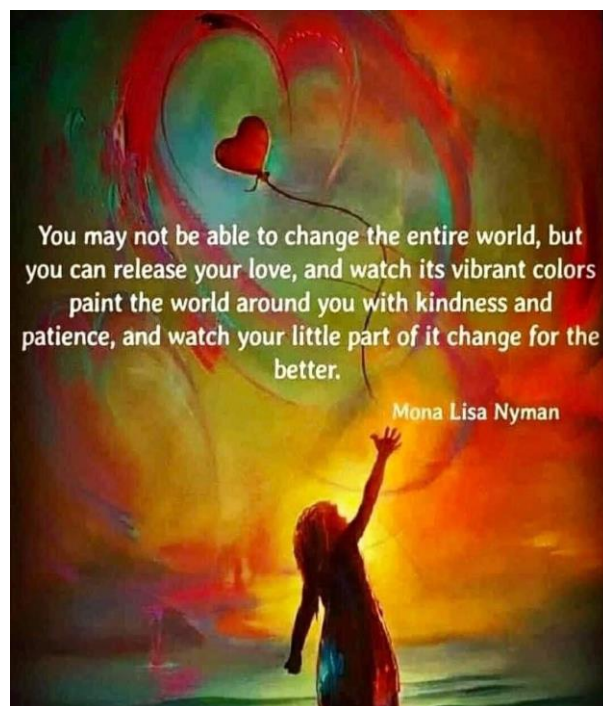

*"Nurturing self love allows you to extend love to others more genuinely!"*

#### **Gratitude and Appreciation:**

Love helps us cultivate a deep sense of gratitude for the blessings and experiences in our lives.

By focusing on the positive aspects and expressing gratitude, we shift our attention away from negativity and foster a greater sense of contentment and fulfillment.

*"Recognize the interconnectedness of all beings and the larger web of life!"*

#### **Mindfulness and Presence:**

Developing an increased level of awareness and mindfulness, allows one to be present in the current moment and fully experience the richness of life.

This involves paying attention to one's thoughts, emotions, and surroundings without judgment.

*"Be fully engaged in the here and now, rather than dwelling on the past or becoming overly concerned about the future!"*

#### **Acceptance:**

Love and acceptance helps us embrace the present moment and find peace in situations that might otherwise cause stress or dissatisfaction.

*"Love enables us to accept things as they are, without the need for control or resistance!"*

### **Forgiveness:**

Holding onto grudges or past hurts can hinder personal growth and create unnecessary suffering.

*"Forgiveness allows you to release negative emotions and open the path for healing, love and transformation!"*

We should be lifting each other up and cheering one another on. Not trying to outshine or one up each other. The sky would be awfully dark with only one star.

### **Compassion and empathy:**

Cultivate a sense of compassion and empathy for others by recognizing that we are all on a journey and experiencing different challenges.

It involves recognizing the inherent worth and interconnectedness of all beings, and treating others with kindness, understanding, and forgiveness.

*"Small acts of kindness can have a ripple effect, positively impacting both others and yourself!"*

### **Unity and interconnectedness:**

Recognize that everything in the universe is interconnected and part of a larger whole.

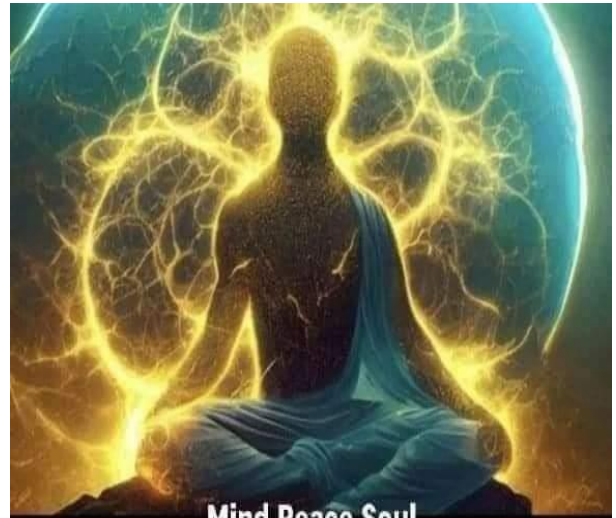

*"We are part of a vast, unified web of existence, where every action and thought can have ripple effects!"*

### **Purpose and Meaning:**

Viewing life through "eyes of love" lens often emphasizes finding deeper purpose and significance of events, circumstances, and relationships.

This perspective seeks to understand the lessons and the potential for personal transformation that is hidden within life's challenges.

*"Consider the significance of synchronicities, signs, or symbols that you encounter!"*

### **Mind Peace Soul**

Self-love will heal you, empower you, restore you, and open up new worlds within you and all around you. Self-love is the key to your mental, spiritual, and emotional health. Every aspect of your life thrives when you love who you are and accept yourself. It all begins with you.

### **Transcendence:**

Love can facilitate the transcendence of ego driven desires and attachments.

It helps you move beyond selfishness and cultivate a broader perspective.

*"Allow love to align you with higher spiritual principles and values and foster a deeper understanding of your true self!"*

### **Intuition and Inner Wisdom:**

Cultivate your intuition and inner wisdom by paying attention to your gut feelings, nudges, and inner voice.

*"Practice quieting the mind through meditation, journaling, or other reflective practices to tap into your intuition and gain insights from a deeper level!"*

### **Connection with Nature:**

Spend time in nature and observe its ease, rhythms, and cycles.

Notice the interconnectedness of all living things and the harmony that exists in natural systems.

*"Allow nature to inspire and guide your perspective!"*

### Service and Contribution:

Love motivates selfless acts of service and kindness without expecting anything in return.

*"Acts of generosity and compassion can have a profound impact on others while contributing to your own spiritual wellbeing!"*

### Remember...

Looking at things through "eyes of love" lens is a subjectable personal journey. Your transformational experience will vary depending on your own individual efforts, beliefs, and perspectives.

Approaching life with love, kindness, and compassion is a powerful catalyst for spiritual growth and transformation, resulting in a more fulfilling life journey.

*"Have love become the guiding force that shapes your interactions, decisions, and spiritual growth by cultivating your "eyes of love!"*

### In essence:

Viewing the world with the "eyes of love" is an integral part of spiritual growth. It helps us transcend limited perspectives, expand our consciousness, and deepen our connection to ourselves, others, and to the universal consciousness beyond our physical logic.

*By Trish Bolstad*
